Honorable Carl Heastie
Speaker, New York State Assembly
932 Legislative Office Building
Albany, New York 12248

Dear Speaker Heastie,

I am pleased to submit the 2016 Annual Report of the Assembly Committee on Governmental Employees.

My priority as Chairman of the Assembly Governmental Employees Committee has been to support legislation that improves the working conditions for our state, county and city workforces while ensuring that legislation is developed in a manner that is fiscally responsible to the taxpayers of New York.

In 2016, a number of important bills were chaptered which highlight my priority as chair. For instance, A.9200-A increases the COLA provided to a widow or widower of a police officer or firefighter killed in the line of duty, and A.9531 extends to all veterans who are members of a public retirement system in the state to purchase additional service credits. Additionally, A.10567 creates a 75% accidental disability benefit for certain members of the New York City fire department, putting New York City firefighters hired after July 2009 on parity with those hired before. This is just a small sampling of the legislation the Committee has passed this year, highlighting its commitment to the working men and women in our state and the veterans who put their lives on the line.

This annual report will provide greater details on these accomplishments and report on the various other proposals acted on by the Committee this year.

I would like to thank the committee members and staff for all their hard work and dedication to our state's public employees. Additionally, I would like to thank the public employee unions and their representatives and the many government officials who helped make this year a successful one. I look forward to continuing to serve as the chair of the Committee on Governmental Employees.

I also thank you for your guidance and support which were vital to the accomplishments of the committee during the 2016 Legislative Session.

Sincerely,

A handwritten signature in black ink that reads "Peter J. Abbate, Jr." The signature is written in a cursive style with a large initial "P" and a distinct "J" and "A".

Summary

The Assembly Standing Committee on Governmental Employees is responsible for legislation pertaining to civil service law and the public pension systems. Examples of civil service legislation include proposals relating to the rights of governmental employees, such as disciplinary proceedings, transfers and layoffs, the right to organize collective bargaining units, and the ratification of collective bargaining agreements. Proposals amending the public pension systems affect public employees' retirement and disability benefits, qualification for such benefits, and the governing structure of the retirement systems.

During the 2016 Session, 282 legislative proposals were referred to the Committee on Governmental Employees. The Committee reported 70 bills.

This chapter allows a retiree of New York State Teachers Retirement System to rescind her election to provide a benefit to her beneficiary and receive instead the maximum single life benefit due to unique circumstances.

NOTEWORTHY COMMITTEE LEGISLATION

Civil Service Protections

During the 2016 Legislative Session, the Assembly passed legislation that would:

- expand eligibility for excused leave for undertaking a screening for prostate cancer to include all public employees, including those employed by New York City who were previously excluded
A.409-B (Dinowitz) / S.8107 (Hannon) – Chapter 96;
- extend binding arbitration to upstate transit workers
A.5303 (Abbate) / S.4746 (Funke) – Passed Assembly;
- extend binding arbitration to the New York State Power Authority
A.6175 (Abbate) / S.3120 (Griffo) – Passed Assembly;
- provide bump and retreat rights to members of the labor class in the New York State Civil Service
A.7094 (Abbate) / S.303 (Espaillat) – Passed Assembly; and
- provide the Department of Citywide Administrative Services additional time to revise the plan to reduce the number of provisional appointments and establish a new eligible list
A.10445 (Abbate) / S.7944 (Golden) – Chapter 467.

Fair Wages

The Assembly has long fought to achieve true equity in compensation between employees of different genders, races, or nationalities. In conformity with that goal, the Assembly passed the Pay Equity Legislative Package. This very important series of bills includes legislation which would:

- implement a requirement of equal pay for equivalent work and would require the state and local civil service administrations to submit a list of segregated titles
A.437-A (Rosenthal) – Passed Assembly;
- direct the Department of Civil Service to study and publish a report evaluating wage disparities related to job titles segregated by sex, race, and/or national origin and develop a plan to address any disparities found
A.5008-A (Lifton) / S.3786-A (Parker) – Passed Assembly;
- create a private right of action for public employees who are discriminated against in terms of compensation based on sex, race, or national origin
A.9754 (Simotas) – Passed Assembly; and
- require the Department of Labor and the Department of Civil Service to produce a report summarizing efforts to recruit and train women for jobs with a high earning potential, including those traditionally held by men
A.9755 (Jaffe) / S.7291 (Robach) – Chapter 460.

Uniformed Employee Benefits

Uniformed public employees, such as police officers and firefighters, perform work that is critical to public safety, yet dangerous to their own well-being. The Committee recognizes the sacrifices made by these individuals and therefore supports an enhanced benefit structure, including an earlier retirement age than civilian employees, and an increased accidental disability or death benefit for beneficiaries.

During the 2016 Legislative Session, the Committee continued to support the altruistic efforts of uniformed professionals with noteworthy legislation, including legislation that would:

- allow New York City police officers who have become hearing impaired due to a line-of-duty related injury to continue active service if they can do so with a hearing assistance device.
A.3434 (Weprin) / S.3276 (Sanders) – Passed Assembly;
- allow court and peace officers in the unified court system to receive accidental disability benefits if injured in the line of duty as the result of a physical assault by an assailant
A.9199 (Abbate) / S.6764 (Golden) – Veto 242;
- provide an increase in the cost of living adjustment for all line-of-duty widows or widowers
A.9200-A (Markey) / S.7179-A (Golden) – Chapter 347;
- grant performance of duty disability benefits with a heart presumption for Forest Rangers and Environmental Conservation Police Officers
A.10030 (Abbate) / S.7216-A (Funke) – Chapter 437; and

- create a 75% accidental disability retirement and 1/3 ordinary disability retirement benefit for New York City firefighters who either join the fire pension fund after June 15, 2016, or who joined prior but make an election to be covered under this new plan within 120 days of the effective date of this bill
A.10567 (Abbate) / S.8015 (Golden) – Chapter 298.
