Honorable Carl Heastie
Speaker
New York State Assembly
Room 932, Legislative Office Building
Albany, New York 12248

Dear Mr. Speaker:

It is with great pleasure that I forward to you the 2016 Annual Report of the New York State Standing Committee on Veterans' Affairs.

Several significant pieces of legislation became law this year, including legislation to require the Division of Veterans' Affairs to establish, operate and maintain a free mobile application to provide information on veterans' benefits.

The Committee also advanced legislation to require the Division of Veterans' Affairs to maintain an annually updated fact sheet entitled "Information for Veterans Concerning Health Care Options" on their website containing the contact information for all veterans' integrated service networks located within the state and the VA medical centers and clinics.

While a number of our legislative goals were achieved this past session, much more remains to be done. In 2017, the Committee will focus on helping veterans who have recently been discharged to readjust to civilian life and the Committee also will continue to examine issues related to both older and women veterans.

I wish to extend my appreciation and many thanks to the members of the Committee, the Committee staff, and the veterans of New York State, and to you, Mr. Speaker, for your unwavering support for veterans.

Sincerely,

Michael DenDekker

I. COMMITTEE JURISDICTION AND SUMMARY

The Assembly Standing Committee on Veterans' Affairs evaluates legislation affecting nearly one million New York State residents who unselfishly served their nation in the United States armed forces, including 63,899 New York State women. The Committee seeks to safeguard programs and promote legislation to benefit veterans and their families. In addition, the Committee maintains an ongoing dialogue with the veteran community and addresses issues affecting the lives of New York State veterans.

Veterans are affected by a number of titles of New York State statute, principally: Civil Service Law, Executive Law, Military Law, Education Law, Real Property Tax Law, Public Health Law, and Retirement and Social Security Law. Amendments to the State constitution that would affect veterans are also considered by the Committee. New York State currently offers a variety of veterans' assistance programs, including a real property tax exemption program, educational assistance for certain veterans and their family members, and a state veterans nursing home program. The Committee was represented at the ground breaking ceremony of the Gold Star Family Memorial to be located in Lafayette Park across from the New York State Capitol Building and at several events statewide to commemorate the 50th Anniversary of the Vietnam War.

This past legislative session, the Committee held five committee meetings at which it considered 110 bills. Nine passed both houses of the Legislature; nine were signed into law by the Governor.

While the Standing Committee on Veterans' Affairs has jurisdiction over legislation that affects veterans' benefits and programs that help veterans and their families, the Committee does not work alone. Some initiatives advanced by individual veterans and veterans service organizations are referred to other standing committees, such as Governmental Operations, Transportation, Real Property Taxation, Health, Governmental Employees, Environmental Conservation, Election Law, Small Business, Mental Health, Labor, and Tourism, Parks, Arts, and Sports Development. As a result, the Committee's chair, members, and staff must work closely with other committees to ensure that this unique population's needs are met.

II. 2016 LEGISLATIVE HIGHLIGHTS

A. Real Property Tax Exemptions

The veterans' real property tax exemption has a long history in New York State. Veterans' tax exemptions are available to men and women who have served in the armed forces of this country since the time of the American Revolution.

Virtually all real property tax exemptions granted to veterans in New York State fall into three categories: the fixed dollar amount "eligible funds" category (Real Property Tax Law Section 458); the percentage-of-exemption value "alternative" category (Real Property Tax Law Section 458-A) and the Cold War veterans percentage-of-exemption value category (Real Property Tax Law Section 458-B).

Chapter 518 of the Laws of 2013 expanded the exemption to include school taxes currently available under the alternative veterans exemption and if the school board adopts a local law to offer the exemption.

1. Expansion of the Cold War Veterans Exemption (A.3379-A Cusick; Chapter 253 of the Laws of 2016)

This law would expand the Cold War Veterans' Exemption to taxes levied by local school districts. It would allow those districts to conduct a public hearing regarding the tax exemption and, after the hearing, allow the governing body of the school district to pass a resolution to provide the exemption. Qualified veterans living within the school district that has adopted the resolution would have the same exemption from school districts as they receive from their local tax districts.

2. New York City Council Include Veterans Exemption (A. 9688 Cusick; Chapter 332 of the Laws of 2016)

This bill would allow the local legislative body of a city with a population of one million or more, after holding public hearings, to adopt a local law to grant veterans an exemption from their school taxes. This law was needed since the City of New York does not have a school board and there was no mechanism to grant the exemption to veterans residing in the five boroughs.

3. Real Property Tax Exemption for Certain Veterans (A. 6140-A Lavine; Chapter 476 of the Laws of 2016)

Veterans who served on active duty under Executive Order 11519 and as reserves of the United States Armed Forces would be allowed to apply for the alternative veterans' real

property tax exemption, if the municipality in which their primary residence is located adopts a local law to granting such exemption.

On March 23, 1970, the President of the United States declared a state of national emergency and directed the Secretary of Defense to call reserves of the armed forces to active duty to assist the Postmaster General in restoring and maintaining the postal service. Under Executive Order 11519, 35 Federal Register 5003 (1970), the call-up, designated as Operation Graphic Hand, included members and units of the New York Army National Guard and the New York Air National Guard.

B. Information for Veterans

Benefits for veterans are not automatically granted. Each benefit must be applied for by the veteran or member of the veteran's family. Providing information to veterans and their family members about the various benefits on the federal, state and local level is a critical responsibility of those offering said benefits.

1. Health Care Options Information for Veterans (A.7967-B DenDekker; Chapter 64 of the Laws of 2016)

The Division of Veterans' Affairs is required to maintain an annually updated fact sheet entitled "Information for Veterans Concerning Health Care Options" on their webpage. This page must contain the contact information for all veterans' integrated service networks located within New York State and for the U.S. Veterans Health Administration, including VA medical centers and clinics. The measure also requires hospitals to provide patients with the fact sheets.

2. Free Mobile App for Veterans (A.10258 Blake; Chapter 358 of the Laws of 2016)

In February of 2016, Governor Cuomo announced a free mobile application to help veterans and their families obtain state veterans benefits. This law requires the Division of Veterans' Affairs to establish, operate and maintain a free mobile app, therefore placing into statute the requirement to provide such application device.

3. Inquiring Into Past Military Service On Applications for Public Welfare (A. 8641-B Hevesi; Chapter 407 of the Laws of 2016)

The purpose of this measure is to direct the local social services districts and not-for-profit corporations to ask their clients on their applications by check-off if they or a family member served in the United States military. This information would then be forwarded to the Division of Veterans' Affairs.

C. Miscellaneous

Burial of Indigent Veterans (A.9169 DenDekker; Chapter 29 of the Laws of 2016)

This statute enacts a chapter amendment to Chapter 579 of the Laws of 2015 to require the county and city of New York to promote the diversity of congressionally-chartered veterans organizations selected to engage the services of a funeral firm to conduct the federal and burial services of indigent veterans. This measure would also allow such organizations to refuse, if it is financially unable to front the cost prior to reimbursement.

III. BUDGET HIGHLIGHTS

A. Division of Veterans' Affairs

The Division of Veterans' Affairs (DVA) assists, counsels, and advocates for veterans, military personnel, and their families.

1. Veteran Counseling Program

The Veteran Counseling Services Program provides counseling and services through a statewide network of State veteran counselors. The counselors, all of whom are veterans, and support staff, help veterans complete and file applications for state, federal, and private benefits and services. Counselors also serve veterans through outreach to the federal Department of Veterans Affairs medical centers, senior centers, state and local veterans' nursing homes, and public assistance offices. State veteran counselors help ensure that active duty military personnel and their families receive the supplemental benefits to which they are entitled.

The SFY 2016-17 budget appropriated \$5,779,000 for services and expenses related to the Veterans Counseling Program in the State Operations Fund and \$3,542,000 from the General and Special Revenue Funds for services in Aid to Localities funds.

4. Vietnam Veterans of America New York State Council

The Vietnam Veterans of America (VVA) is the nation's only congressionally chartered veterans' service organization dedicated to the needs of Vietnam-era veterans and their families. The council provides assistance in navigating the various benefits available to veterans of all eras and conflicts and their family members.

The SFY 2016-17 budget included \$40,000 to the Vietnam Veterans of America New York State Council in Aid to Localities funding. This was a legislative addition to the proposed Executive budget

5. Legal Services New York City (LSNYC) Veterans Justice Project (VJP)

The Veterans Justice Project (VJP) identifies systemic barriers that prevent housing stability, economic security, and basic survival, and challenges them through coordinated advocacy. The program addresses the following issues: HUD-VA supportive housing issues; evictions; foreclosures; unemployment insurance denials; debt collection/wage garnishment; child support; wills and powers of attorney; divorce; custody; special education; and Social Security/SSI. Since the project was launched in 2011, at least 2000 veterans and family members have been assisted.

The SFY 2016-17 budget included \$100,000 to the Veterans Justice Project. This was a legislative addition to the budget proposed by the executive.

In addition, legal representation will enable LGBT veterans currently on public assistance, Medicaid, and other state subsidy programs to apply for veterans' benefits including but not limited to income, medical, spousal, and survivor benefits. The SAGE program will provide assistance to LGBT veterans by upgrading their discharge if it is necessary for them to access federal VA benefits.

The SFY 2016-17 budget included \$100,000 to implement SAGE's comprehensive program for New York State's LGBT elder veterans. This was a legislative addition to the budget proposed by the executive.

The program has been actively placing military veterans into building trades affiliated apprenticeship programs across the country since 2003 and since 2013 in the City of New York.

The Helmets to Hardhats program fills a void in conventional services available to New York City veterans. Without the City's construction industry commitment to this program in terms of funding and placement, the pathway to a middle class career would be hindered by a disorganized and decentralized non-union sector of the construction industry. The program streamlines the pathway and provides invaluable support for those

seeking entry to a career in union construction. With funds appropriated in the 2016-17 fiscal year, the program will be expanded on a State wide basis.

In the SFY 2016-17 adopted budget \$200,000 was appropriated for this program to expand state wide.

2. Administration Program

The Administration Program is primarily composed of two components, Supplemental Burial Benefits and Gold Star Annuity Benefits. In addition, the appropriation also provides for the funding of administrative personnel and operational expenses. a. New York State Supplemental Burial Benefits

The SFY 2016-17 budget sub-allocated \$599,000 to the payment of the Gold Star Parent annuities.

B. Division of Military and Naval Affairs

The entities: the Salvation Army, Young Men's Christian Association, Young Women's Christian Association, National Catholic Community Services, and the National Travelers Aid Association became the United Service Organizations (USO). Flag Day was first celebrated in 1877, the centennial of the U.S. Flag. It was officially established by a proclamation of President Woodrow Wilson on May 30, 1916. Sixty-two years ago, the late James T. McNamara, then a member of the New York State Assembly, and a member of the Academy's Class of 1939, was the author of the State legislature's first "West Point Day" Resolution. This resolution memorializes Governor Cuomo to proclaim May 5, 2016, as West Point Day in the State of New York.

The New York State Submariners Memorial is located in the Village of Ballston Spa, the first Memorial dedicated to the submariners from a state rather than the submarine they served on. This resolution memorializes Governor Cuomo to proclaim April 11, 2016, as Submarine Day in the State of New York.

This resolution honors those members from the State of New York who served in the Joint Special Operations Command.

D. Memorializing Governor Andrew M. Cuomo to Proclaim June 27, 2016, as Post-Traumatic Stress Injury Awareness Day in the State of New York (Resolution No. 1493, Rules at the Request of DenDekker)

The diagnosis now known as Post-Traumatic Stress Disorder was first defined to commonly and more accurately understand and treat veterans who had endured severe traumatic combat stress. Referring to the complications from post-traumatic stress as a disorder perpetuates the stigma of and bias against mental illness and the stigma discourages those suffering from post-traumatic stress from seeking proper and timely medical treatment. Making the condition less stigmatizing and more honorable can favorably influence those affected and encourage them to seek help without fear of retribution or shame. This resolution memorializes Governor Andrew M. Cuomo to proclaim Monday, June 27, 2016, as Post-Traumatic Stress Injury Awareness Day in the State of New York. The resolution further urges the Department of Health, the Department of Mental Health, the Division of Military and Naval Affairs and the Division of Veterans' Affairs to continue to work to educate the victims of abuse, crime and natural disasters, service members, veterans and their families, the general public, about the causes, symptoms, and treatment of post-traumatic stress injury.

E. Memorializing Governor Andrew M. Cuomo To Proclaim November 4-10, 2016, the Week Prior to Our National Veteran's Day, Held Yearly on November 11th, as Veterans Awareness Week in New York State (Resolution No. 1560, Rules at the request of Jean-Pierre)

November 11th is a national holiday set aside for Americans to pay homage to the veterans of our military service. The true meaning of our Veteran's Day may not receive enough attention on a one-day holiday. It is felt that an official weeklong period is needed in which schools, veterans' organizations, and the general public could more broadly focus on and show appreciation of the veterans that are still living. This resolution memorializes the Governor to proclaim November 4-10, 2016, the week prior to our national Veteran's Day, held yearly on November 11th, as Veterans Awareness Week in New York State.

F. Memorializing Governor Andrew M. Cuomo To Proclaim New York State as a Purple Heart State (Resolution No. 1280, DenDekker)

Today, the Purple Heart Medal is the oldest military decoration in the world, and is awarded in the name of the President of the United States to members of the United States military who have been wounded or killed in action. The Department of Defense announced a standard which allows for a clearer way to evaluate a wounded individual for a Purple Heart resulting from a "non-penetrating wound". The Department also proclaimed that eligibility would be extended to those wounded or killed by certain kinds of domestic terrorist activities. New York has honored those who have earned the Purple Heart medal in several ways: The New York State Purple Heart Memorial is located in Albany, New York, and the National Purple Heart Hall of Honor is located in New

Windsor, New York. Route 5 from Albany to Syracuse is named as a Purple Heart Highway. This resolution memorializes Governor Cuomo to proclaim New York State as a Purple Heart State.

The Assembly adopted a resolution and two pieces of legislation during this special event in the Assembly Chamber.
