

A report to the 25th Assembly District from

ASSEMBLYWOMAN NILY ROZIC

November 2014

IMPROVING TRAFFIC SAFETY IN FRESH MEADOWS

At my request, the Department of Transportation erected a temporary variable speed board along 75th Avenue near the Holy Family School in Fresh Meadows. The speed board will remain on 75th Avenue for approximately three weeks to ensure safety for students during drop off and pick up. Nothing is better than a walk around the neighborhood, and now whether crossing to school or the bus stop, it is going to be safer.

RECOGNIZING STUDENT ACHIEVEMENT IN BAYSIDE

I joined parents and staff at P.S. 162 for their morning PTA meeting to recognize students that participated in my annual summer reading contest! These students read by themselves or with a partner for a minimum of 15 minutes every day, for at least 40 days during July and August. Thank you to Principal Joan Casale for welcoming the program and for encouraging students to participate!

ADVOCATING FOR FLEXIBLE WORK SCHEDULES

I joined Comptroller Stringer at Families and Flexibility, an event featuring Anne-Marie Slaughter, to discuss legislative efforts, including my right to request bill, in reshaping the workplace in New York! Providing working and middle class families with stability is crucial to building thriving communities and advancing our economy.

SUPPORTING SCIENTIFIC RESEARCH IN FLUSHING

Queens College President Félix Matos Rodríguez and I visited the Barry Commoner Center for the Biology of Natural Systems at Queens College. The Center is an environmental and occupational injury research institute that does great work on the health and disease prevention of WTC and Hurricane Sandy relief workers.

PROVIDING ACCESS TO HEALTHCARE

I celebrated Planned Parenthood's new clinic in Long Island City! Queens has the highest rate of uninsured women and girls in the entire city, and this new facility will provide access to quality, affordable care.
