

Assemblywoman
Latrice Walker
Assembly District 55

Greetings from the 55th Assembly District!

During Session, we pass many important laws in the State Assembly. Below, you will find highlights of legislation signed into law by Governor Andrew Cuomo.

Effective Date: June 29, 2017

Chapter Number: Ch. 518 of 2016

Bill Number: A.9648-A, S.8077: "Ensure that participants in the WIC program have access to all WIC approved products, including specialty and exempt formulas, at any WIC approved vendors."

This law authorizes every Special Supplemental Nutrition Program for Women, Infants and Children (WIC) vendor to sell any product covered under the program, including specialty infant formula, unless barred by State or Federal regulations.

Now, mothers and caregivers are able to acquire specialty formula for their infants previously excluded from the WIC program.

I hope you find this information helpful. If you have any further questions or concerns, please contact my Albany Office at 518-455-4466 or my Brooklyn District Office at 718-342-1256.

Respectfully yours,

Assemblywoman Latrice M. Walker
