**“The heroin crisis has
hit the East Bronx hard,
and we’ve got to take action.
I helped get rid of barriers
to treatment and increased
prevention measures, but we
have much more to do.”**

Assemblyman Benedetto will keep fighting the heroin crisis

New laws were passed to:

Increase the maximum time for detox in a treatment facility and require discharge planning

Require insurers to cover inpatient treatment and substance abuse medication

Allow more professionals to use Narcan to counteract an overdose

We've made some progress, but there is much more to do.

Help is always available

The New York State HOPEline is available 24 hours a day. Call **1-877-8-HOPENY (467369)** or text **467369**.
