

**Amy Paulin** was presented with awards from the NYS Veterans Council and the PEF Veteran's Council for her work on the veterans pension bill.

**Dear Veteran,**

I am pleased to announce that my bill to expand the military service credit to all veterans has been signed into law (Ch. 41 of 2016). This law removes restrictions for the military service credit to provide all veterans working for a state or local government the opportunity to “buy back” up to three years of service credit towards their pension, regardless of when and where they served.

All of our veterans deserve respect and recognition for their service. I would like to thank all of you for your support in getting this bill passed and signed. We have worked long and hard and I am very proud of this piece of legislation.

Sincerely,

A handwritten signature in cursive that reads "Amy Paulin".
