Did you know?

This year, local schools will fall \$4.3 million short of the state aid they were promised.

Assemblywoman Carrie Woerner is standing up for upstate schools by fighting to end the Gap Elimination Adjustment.

“Our children deserve the best education possible so they can succeed in the classroom and beyond. That’s why I’m working to end the Gap Elimination Adjustment (GEA) once and for all.”

–Assemblywoman
Carrie Woerner

Dear Neighbor,

Education is the key to the future success of our children and the economic security of our families. That's why we must provide the best education possible, from engaging classrooms to enriching after-school activities.

An excellent education requires investment. However, **based on the governor's budget proposal, local schools will not be fully funded this year. In fact, they'll be short more than \$4.3 million** in promised state aid because of the Gap Elimination Adjustment (GEA).

The GEA robs our students of top-notch academic options and diverse extracurricular programs and can create a further burden for property taxpayers. Last year, I introduced legislation to repeal the GEA (A.2271-B). This year, I will continue fighting to end the GEA once and for all.

As always, my door is open; if you have concerns about this or any community issue, please reach out to me at WoernerC@assembly.state.ny.us or 518-584-5493.

Sincerely,

Carrie Woerner
