

“The Constitution shall never be construed... to prevent the people of the United States who are peaceable citizens from keeping their own arms.”

— Samuel Adams

OUR RIGHTS SHALL NOT BE INFRINGED

Dan Stec understands the strong legacy of hunters, sportsmen and responsible gun owners in our communities. That's why, when Albany officials trampled on our Second Amendment rights, he stood up for us.

Dan Stec shares our values and, as your Assemblyman, will continue to fight for them.
