

Al Stirpe

ASSEMBLY DISTRICT 127

Focused on creating
more opportunities
here in CNY

**“It’s essential to make sure there are
good job opportunities here in CNY.”**
— Assemblyman Al Stirpe

Assemblyman Al Stirpe: Working for a Brighter Central New York

Building a skilled workforce in CNY

Assemblyman Stirpe is working to establish a Career and Technical Education (CTE) curriculum to ensure high school students have the opportunity to learn the skills needed in our changing economy (A.8189).

He also sponsored a plan to provide financial assistance to individuals looking to learn the technical skills needed for jobs in demand in advanced manufacturing (A.7673).

Local leaders commend Stirpe's legislation

"Assemblyman Stirpe's bill would increase the number of qualified middle-skills workers available to us in the Central New York area.

These workers are vitally important to the sustainable success of our local manufacturing companies. The bill will also help regional partners in our supply chain fill vacancies with qualified employees, while cutting down on employee relocation and training costs."

— **Peter Maier, President, INFICON Inc.**

"Assemblyman Stirpe's legislation will help educational programs, like BOCES, create partnerships with local advanced manufacturing companies that will train students for careers that are available right here in Central New York."

— **Jody Manning, Superintendent of OCM BOCES**

Helping our economy grow, Assemblyman Stirpe:

- ▶ Secured \$4 million for the development of Hancock Airpark.
- ▶ Cut taxes for manufacturers.
- ▶ Set up tax-free zones for businesses through START-UP NY.
