Assemblymember Harry B. Bronson lowers prescription drug co-pays for EPIC enrollees in Monroe County

The state budget provides \$30.6 million for EPIC co-payment assistance, so eligible seniors will once again pay no more than \$20 for a prescription co-payment.

“With nearly 14,000 EPIC enrollees in Monroe County, this co-pay assistance will provide much-needed relief for many seniors in our community. In an already struggling economy, no one should have to choose between buying their medicine or getting groceries.” – Assemblymember Harry B. Bronson
