

\$1 MILLION GRAND LARCENY?

Assemblyman **Steve Hawley says RETURN OUR MONEY NOW!**

New York State snowmobilers faithfully paid their dues and were promised a dedicated fund to help develop trails, increase snowmobile safety education and enforce the state's snowmobile laws.

Instead, Albany's backroom dealing and dysfunction stole that money away. One million dollars was swept from the Snowmobile Trail Development and Maintenance Fund and spent by Albany's "3 Men" in an attempt to balance their out-of-control spending.

Steve Hawley is taking a stand against this deception. He is calling for the State to strengthen legislators' ability to know what they are voting for and he is calling on the State to immediately return the \$1 million that belongs to the men, women and children in our state's snowmobiling community.

Return Our Money Now!
