

Assemblywoman Titus is strengthening the integrity of New York's elections

New York State Assembly
Albany, NY 12248

Assemblywoman Michele Titus: Protecting our democracy

To ensure New Yorkers know who's paying for political ads, a new law:

- ✓ Requires that **all independent expenditures include a “paid for by” statement** with the name of the political entity paying for it
- ✓ Requires the state Board of Elections to **keep a public database of all digital ads purchased by independent expenditure committees**

The push for election reform isn't over. We need to implement early voting and online voter registration to help make sure every voice is heard.

Assemblywoman **Michele Titus**
