New York State Budget Town Hall

Reunión de la Comunidad sobre el Presupuesto del Estado de Nueva York

This Year's Legislative and Budget Priorities

- **MOVE NY/TRANSIT EQUITY**

Reduce congestion in Manhattan's Business District and Fund the MTA. Governor Cuomo has recommended that to reduce traffic in busy Manhattan, NYC should implement congestion pricing. I have introduced A.306-A, the Move NY Fair Plan, that outlines fee-based tolling in Midtown Manhattan; fees vary depending on the time of day and what type of vehicle is being driven. The initiative aims to reduce congestion and identify funding streams to improve public transit in New York City.

- **SECURE CHOICE SAVINGS PROGRAM**

In New York today, more than half of those under age 64 working in the private sector lack access to any retirement savings plan in the workplace. Less than half of businesses in New York with less than 50 employees offer no retirement plan at all. I have introduced A.4982-B, the Secure Choice Savings Program Act, that will address the retirement savings crisis by allowing the State of New York to administer retirement savings plans to employees who are employed at companies and organizations that do not offer savings programs to their workers.

- **EAST RIVER WATERFRONT AND PIER 107**

Secure funding to rebuild and renovate the East Harlem Waterfront and Pier 107.
