It looks like we're going to be neighbors, and I've already met many of you at various community events throughout the district. **What's most important to me is that I'm here to serve you!**

I want to hear what you think are the most important issues you and your neighbors face. I want to work with you to develop solutions that will improve our upstate communities. **My door is always open. I hope you'll stop by for a visit.**
