

Assemblymember Bronson is fighting for our schools

“This year’s state budget includes a record investment in our schools. I’ll keep working to ensure all children receive a first-class education.”

–Assemblymember
Harry B. Bronson

Assemblymember Bronson secured a \$1 million increase in education aid for Wheatland-Chili schools

The 2016-17 state budget includes:

- ✓ Over \$7 million for Wheatland-Chili district schools, 16% more than last year
- ✓ \$807 million for pre-K education
- ✓ \$1 million for Career and Technical Education (CTE) – to break down barriers for English language learners and other students

- ✓ A freeze on SUNY tuition, so a 4-year college degree remains affordable
- ✓ \$23.8 million for opportunity programs, giving even more students a chance at success
