# GIVING BACK TO THOSE WHO HAVE OUR BACKS

## **"FIRST RESPONDERS ARE THE BACKBONE OF OUR COMMUNITIES.**

Gordon Heights Fire Department has been essential to our community for 76 years and has struggled financially for decades. Their neighbors within the 1.7-square-mile district feel the burden of rising taxes that help keep the department running—unfortunately, the firehouse is in desperate need of repair. The 2023-24 State Budget included a \$75,000 grant to help toward the cost of repairing the roof (A.3004-D). The work does not stop here, we will continue to raise more money for the repair and fight for additional grants to ensure the **Gordon Heights Fire Department can focus on protecting our community."**
