Keep
**LONG ISLAND
CLEAN**

From the farms on the forks to the beaches along the north and south shores, we have a unique ecology that needs to be protected for future generations. I've been hard at work on partnerships that seek to do just that.

✔ **CLEANING OUR EMISSIONS:** I'm hoping to diversify our fueling options for vehicles to ensure cleaner energy output (A.964A)

✔ **CLEAN AIR FOR THE FUTURE:** I want to help incentivize emissions reduction in New York (A.8808-C)

✔ **WATER PROTECTION:** I'm pushing to have streams on Long Island defended with further protections (A.4601)

✔ **KEEP OUR BAY CLEAN:** I want to bring an end to the harmful practice of dumping waste into the Long Island Sound or the Great South Bay (A.5569)

✔ **CLEAN WATER FOR ALL:** I voted in support of the Suffolk County Water Quality Restoration Act to expand wastewater treatment and reduce nitrogen in Suffolk waters (A.8993)
