

Dear Neighbor,

My priorities have not changed these past few months. I continue to fight for safer communities and a cleaner and vibrant environment where our businesses and the younger generation of Long Islanders can prosper. As your representative in Albany, I will continue fighting to keep New York clean, safe and affordable for future generations.

What we worked on over the summer:

Our office has made great efforts to deal with the drug epidemic currently affecting our community. On September 15th, we hosted a Shed the Meds Program and collected unused medications. Not only is this program helpful keeping drugs away from our children at home, but it also prevents people from flushing them down the toilet into our waters. We also held a Narcan Training Seminar on September 22nd, which teaches people what to do to save someone who has overdosed.

As kids returned to school, I made it a priority to organize school supply drives. I believe that a child's success is everyone's success.

The Summer of 2022 was amazing. We enjoyed great weather, lots of fairs and festivals and accomplished a lot. Whether it was the local Fireman's Fairs, East Northport Festival, the Greek Festival, Huntington Lighthouse Festival, School Supply Drive or the Sports Equipment Drive, etc. I hope you took advantage of everything Long Island has to offer.

Wishing all the students, teachers and faculty a successful school year!

NYS Assemblyman Keith P. Brown's District Office is seeking students who have a strong work ethic and a passion for their community. Interns will have the opportunity to further their education in public service and local government while enhancing their administrative and writing abilities. If you are interested in an internship, please contact Daniel Hartman at hartmad@nyassembly.gov.
