Dear Neighbor,

As we get set to start the 2022 legislative session, I want you to know that I remain honored to continue to represent the people of the 13th Assembly District. I want as well to provide an update on what we have been working on in Albany and back home in our district office during the last months.

Many of you shared your opinions on the investigation into Governor Cuomo. As Chairman of the Judiciary Committee, it was my solemn duty to ensure it was conducted in a fair and responsible manner. We must now focus on the future of our great state and I look forward to working closely with my good friend Governor Kathy Hochul, in whom I have the greatest confidence.

Once again, our area was hit by severe weather and our office was there to help. The heavy rains associated with the remnants of Hurricane Ida were much worse than expected. Many residents and local businesses experienced flood damage. I am proud of the important work my office did to connect them to available resources to get the help they needed.

With the delta variant slowing down our recovery from the COVID-19 pandemic, it's crucial that we do not let our guard down. We must remain vigilant. We need to continue to follow state and federal guidelines when it comes to social distancing and mask use. I also urge anyone who is eligible and has not taken advantage of the free, safe, and readily available vaccine, to do so as soon as possible. It's our most effective weapon in the fight against COVID.

As always, my staff and I are happy to help with any problems or concerns. If you have any questions or ideas, please contact my district office at (516) 676-0050 or email lavinec@nyassembly.gov.

Sincerely,

Charles D. Lavine
