LIVES

# FIGHTING FOR WOMEN'S HEALTH. WORKING TO DELIVER REAL RESULTS.

Too many mothers face serious health challenges during pregnancy and the critical months that follow. That's why Assemblyman Jake Blumencranz introduced the MOM Safety Act (A.11327) – the Maternal Outcomes Modernization Act.

## THE MOM SAFETY ACT WOULD:

Expand postpartum care and follow-up services

Improve screening for postpartum depression and maternal mental health conditions

Strengthen treatment and referral pathways for mothers in crisis

Establish statewide maternal health best practices

Improve emergency room recognitions of maternal complications

Increase access to telehealth services

Expand provider education and training

Improve coordination between hospitals, physicians, and community providers

**SUPPORTING  
WOMEN.  
SUPPORTING  
FAMILIES.  
WORKING TO  
DELIVER  
RESULTS.**

## JAKE BELIEVES:

Better maternal outcomes save lives.

Mothers deserve quality care and support.

Health care decisions should remain between women and their doctors.
