Local Roads are Essential

Assemblyman Ra fought for the restoration of **\$60 million** to help rebuild local roads and bridges.

CHIPS was passed this year with base-level funding of **\$598 million**.¹

1) A.8804-D Capital Projects Budget Bill

When the governor tried to take away CHIPS funding for local road improvement,

WE SAID NO

Local roads are the lifeblood of our communities—they connect us from our homes to our businesses, our schools, our libraries and all the places that make our neighborhoods feel like home. The condition of our roads makes the difference in getting to our doctor's appointments on time and the response time of emergency services in responding to a call.

Road Work Ahead:

- The costs of materials and labor are rising
- Stagnant funding levels are insufficient to meet evolving demands of maintenance and improvement projects
- There is a growing disparity between needs on the ground and resources allocated for these projects

To bridge this gap, I will continue to advocate for greater state investment in local roads and bridges
