Dear Neighbor:

First and foremost, I want to thank you for entrusting me to serve another term as your Assemblywoman.

I was raised in this district by parents who instilled in me the importance of public service and its potential to create meaningful change in people's lives -- the trust you have placed in me to be your voice in Albany is a privilege that I do not take lightly. For the last 8 years I have had the honor of representing you and it is with great excitement that I look forward to the coming years.

The pandemic challenged all of us, but we rose to the occasion with conviction. Throughout this year, I witnessed firsthand the care our neighbors have shown each other. From first responders to health care workers to teachers to mutual aid volunteers, everyone's generosity has been overwhelming while we navigate these truly unprecedented and often difficult times.

The smallest act of kindness like wearing a mask or practicing physical distancing shows tremendous compassion for the most vulnerable in our community-- thank you.

While we may have been working remotely for part of the year, my staff worked tirelessly to answer your inquiries. As Chair of the Office of State-Federal Relations, I advocated for all New Yorkers to receive federal mortgage forbearance, small business pandemic relief, and increased childcare funding.

Thank you for remaining engaged with our email updates (sign up if you don't get them!) and for continuing to lend your voice as we ensure a brighter and healthier tomorrow for our friends, neighbors, and loved ones.

Stay safe and have a happy and a healthy holiday season.

Sincerely,

A handwritten signature in black ink that reads "Nily".

Around the Neighborhood

Since the onset of the pandemic, my office has distributed face masks and hand sanitizers around the neighborhood--and to schools and small businesses. I partnered with organizations such as South Asian Council for Social Services, Commonpoint Queens, and Met Council to deliver meals to seniors and those who are homebound, and continue working to solve frustrations so many of you have experienced while applying for unemployment insurance benefits.

In the meantime, we want to hear from you about community concerns or ideas. Let us know what's on your mind below:
