

NYS Assemblywoman Weinstein
and
NYC Councilman Jumaane Williams

Present the

Rain Barrel Giveaway Program

Saturday, July 11th, 2015

9:00 a.m.-12:00 p.m.

Public School 109 School Yard

1001 East 45th Street, 11203

between Glenwood Road and Farragut Road

How do rain barrels help?

By capturing stormwater, rain barrels can help you conserve water by storing rainwater for future use, such as watering your lawn or garden. This will keep your plants healthy—and save you money—since households devote almost 40% of their water to watering lawns and gardens. And you'll be doing your part to reduce demand on New York City's drinking water system during the summer's hottest days.

Rain Barrels provided by
New York City Department of Environmental Protection
Rain Barrels are available to homeowners
RSVP is REQUIRED to receive a rain barrel
