

A photograph of a middle-aged man and woman sitting at a desk, looking at a document. The man, on the left, has a beard and glasses, is wearing a green shirt, and is holding a pen to his chin. The woman, on the right, has blonde hair and glasses, is wearing a brown sweater, and is pointing at the document. The background is a plain, light-colored wall.

KEEPING THE LIGHTS ON SHOULDN'T BREAK THE BANK

“Every day, I speak to countless constituents, and they all tell me the same thing: their energy bills are out of control. We live in the greatest city in the world; there’s no reason working New Yorkers should be struggling to keep the lights on. That’s why I’m working in Albany to bring down energy costs and put more money back in your pocket.”

That’s Why Alec Supports Common-Sense Policies That Would:

- ✓ **Return unused NYSERDA funds to ratepayers²**
 - Send surplus state energy funds back to residents as utility bill credits, helping lower monthly energy costs.
- ✓ **Protect access to natural gas and other heating options³**
 - Ensure homeowners and businesses can continue using affordable heating systems, preventing forced and expensive upgrades.
- ✓ **Require notice when energy supply rates spike⁴**
 - Require utilities to alert customers when supply rates jump significantly and connect them with bill assistance programs.
- ✓ **Allow school districts to opt out of the zero-emission bus mandate⁵**
 - Give local schools flexibility to avoid costly mandates, helping protect school budgets and local taxpayers.
