Honoring 35 Years of Service To Our Community

I was honored to join Mt. Sinai last Sunday to celebrate Bishop Brown's 35 years of service. I presented him with a plaque and thanked him for his continuous guidance and friendship. His decades of service are appreciated by our entire community and we thank him.

Updates from Albany

Assemblyman Fall's legislation granting New Yorkers a second chance was signed into law as chap.486.

Governor Hochul enacted (A.2573-A/S.294-A) that will now allow those who served their sentence the ability to become executor or executrix to their family estate. The legislation was passed in the Assembly by a bi-partisan vote of 146-1 and along party line vote 43-20 in the Senate.

- State law governs probate and surrogate courts, not federal law, so the rules can vary a great deal from jurisdiction to jurisdiction.
 - For example, in New Jersey and Oregon, there are no laws stating that a convicted felon can't serve as executor of an estate.
 - In New Jersey, this applies even if the named executor is still in jail when the testator dies.

- Previous law prevented anyone convicted of a felony to become a fiduciary of an estate, even if the deceased parent/family member(s) named said individual executor to the estate.
- It is important for persons preparing their estate plan to prepare a Will and Trust and to nominate the persons they want to act as executors, executrix or trustees.
- In most instances the court respects the choices made by the creator of the document and appoints the nominated parties, however
- The new law gives latitude to the court to still judge on certain cases where the prior conviction was associated with fraud, embezzlement or whose crime may be averse to the welfare of the estate.

“First and foremost, I would like to thank Governor Hochul for signing my legislation into law. The new law is essential to grieving families who have a family member prohibited from acting as an executor due to his or her conviction after paying their debt to society. Unfair and unjust prohibition under previous statute should not play a part in grief-stricken family’s decisions to finalize their estates.”

Critical Updates, New Policies, and Testing Locations to Protect You and Your Community

1. [**Governor Kathy Hochul today New Yorkers on the state's progress combating COVID-19.**](#) "New Yorkers have made tremendous progress in the fight against COVID, but make no mistake - our work is not done," **Governor Hochul said.** "We all remember the spike in infections last winter and it's now on all of us to ensure it doesn't happen again. As we move towards colder months and more opportunities for people to gather

indoors, the vaccine has become even more important. There's no reason to wait - it's free, it's available and it's the right thing to do, so get your shot today.

2. **Governor Hochul announced that the MTA's nationally celebrated program to mentor local minority-owned, women-owned and disadvantaged businesses (MWBE) has helped participating companies win a total of \$500 million in MTA contracts since the state's program was founded in 2010.** A \$2 million contract to Alliance Tri-State Construction, Inc., of Staten Island was the decisive award that put the total over the half billion mark. It is the 485th contract to be awarded to a participating business since the start of the program. MTA Chief Diversity Officer Michael Garner and his team, working closely with MTA Construction & Development and the MTA's Office of Construction Oversight, have led the Authority to an unprecedented pace of activity in recent years, with hundreds of millions of dollars in contracts awarded.
3. **Governor Hochul and Mayor Blasio announced \$27 million is available to provide relief to undocumented survivors of the storms and flooding caused by the remnants of Hurricane Ida. This funding will be distributed through grants to an established network of community organizations and provided to New Yorkers who are not eligible to receive storm recovery assistance through the FEMA Individual Assistance Program or other means.** When I saw the devastation of Hurricane Ida, I pledged that we would do everything in our power to help impacted communities recover, and this funding is a fulfillment of that promise," **Governor Hochul said.** "With these resources dedicated to undocumented New Yorkers who are ineligible for FEMA relief and partnerships with organizations on the ground, we can close gaps in aid and help New Yorkers in need. I urge eligible New Yorkers to apply to get the funding they need to rebuild.
4. **Governor Hochul announced a series of changes to both attract more applications and accelerate payments within New York State's Emergency Rental Assistance Program.** Under the Governor's direction, the state will invest an additional \$1 million in marketing and outreach efforts to raise awareness about the rent relief program, the available funding, and the strong tenant eviction protections in place for those who apply. The Office of Temporary and Disability Assistance, which administers the program, will analyze application data to target areas of the state with relatively low numbers of applications.
5. **Eligible individuals can schedule vaccine appointments by contacting:**
 - **The NYC Vaccine hotline at 877-829-4692 or clicking here**
 - **The NYS hotline at 888-364-3065 or clicking here**
 - **SOMOS, a community health provider at 833-766-6769**
 - **Eligible individuals will have to fill out a screening form and attest to being in an eligible category.** Anyone who is NOT eligible for vaccination, should not sign up for an appointment. **Click here to find updated vaccine eligibility lists, vaccine locations near you, and schedule a vaccine appointment when eligible.**

- It's important to submit an SBA Loan Application - After you apply for disaster assistance from FEMA, you may be referred to the U.S. Small Business Administration. If you are referred to SBA, you should complete and submit the application. If your application is approved, you are not obligated to accept the SBA disaster loan but failure to submit the application may disqualify you from other possible FEMA assistance, such as disaster-related car repairs, essential household items and other expenses. SBA disaster loans are the largest source of federal disaster recovery funds for survivors. In planning your recovery, give yourself the widest possible set of options. Submitting the application makes it possible for homeowners and renters to be considered for additional FEMA grants. Applicants may apply online using SBA's secure website at DisasterLoanAssistance.sba.gov or they may email DisasterCustomerService@SBA.gov for more information on SBA's disaster assistance program. Applicants may also call SBA's Customer Service Center at **800-659-2955** or email disastercustomerservice@sba.gov for more information on SBA disaster assistance.
- If you're a renter having trouble paying your rent, utilities, or other housing costs – or if you're a landlord trying to stay afloat with tenants in this situation – help may be available. State and local programs are distributing billions of dollars in rental

FORECLOSURE PREVENTION NETWORK

Since 2007, Legal Services NYC's Foreclosure Prevention Network has assisted nearly 17,000 New York City homeowners facing foreclosure. With community-based foreclosure prevention projects in our Bronx, Brooklyn, Queens and Staten Island offices, our dedicated team of nearly 40 attorneys and advocates provide critical legal services to homeowners navigating the judicial foreclosure process and fight to help them save their homes. LSNYC Foreclosure Prevention Network partners include non-profit organizations, housing counselors, social service agencies and local government. Our advocates conduct trainings, outreach and education activities in conjunction with community and government partners.

WHAT WE DO

Legal Services NYC's Foreclosure Prevention Network attorneys represent homeowners in foreclosure as well as in state and federal court litigation challenging predatory lending, abusive mortgage servicing, scams targeting vulnerable homeowners, and fair housing and lending violations. We are the largest group of free civil legal services attorneys that help NYC homeowners by:

- Representing homeowners in court-mandated settlement conferences
- Providing legal advice and pro se assistance to homeowners through court-based clinics
- Helping clients negotiate home-saving solutions
- Advocating for fairer lending rules, and for better enforcement of laws protecting consumers from predatory practices

CLIENT SUCCESS STORY

Ms. M, a 68-year-old Black homeowner, fell one month behind on her mortgage when she had to pay for her sister's funeral expenses. For one year, her mortgage company continued to accept her payments, but then her servicing was transferred to a new company. The new mortgage company refused to accept Ms. M's payments unless she could catch up on the one missed payment. For three years, Ms. M tried to negotiate with her lender, but it refused to work with her even though she had sufficient income and was caring for her husband, who suffered from Alzheimer's disease. After being sued in foreclosure, Ms. M was able to connect with Brooklyn Legal Services, who helped her negotiate a modification with a lower interest rate and more affordable monthly payment, saving her \$300 per month on her housing expenses and allowing her family to remain in their home.

- 7. The Forest Ave. Community Fridge is a group from Mariners Harbor looking to help out our community with Food Insecurity.**

@FORESTAVECOMEUNITYFRIDGE

WHO ARE WE?

We are a collaborative group, born and raised on the North Shore, who are passionate about addressing the health food disparity in our neighborhood of Mariners Harbor. The foundation of our initiative is "take what you need, leave what you don't" and "we keep us fed and healthy!" – in hopes of **creating a culture of unity, interdependence, community restoration and empowerment** in Mariners Harbor.

WHAT IS A COMMUNITY FRIDGE?

A Community Fridge is a fridge that provides **free and healthy food** for community members. The fridges offer access to fresh produce, healthy grains and perishable items to communities that do not have a lot of access to healthy food options.

HOW CAN MY BUSINESS HELP?

Your business can help by donating surplus food to our fridge or allowing us to purchase food at reduced costs.

WHY SHOULD MY BUSINESS/ORGANIZATION CARE ABOUT A COMMUNITY FRIDGE?

In recent political and racial events, many businesses and organizations are looking for ways to fight against racial inequity. Community fridges represent mutual aid – the idea that solidarity not charity is what communities need in order to become fairer and stronger. By donating food to our fridge, your business will be taking part in our ongoing movement for creating justice – first within our communities.
