

**Weekly Report from Assemblyman Charles D. Fall
March 31, 2022**

District 61 News

Yesterday we partnered and distributed food, cleaning supplies and animal food to the residents of New Brighton. I would like to thank Elliot John, Brothers Care Inc. and Amazon for another successful event.

Updates from Albany

Assembly Passes Legislation to Increase Access to Affordable Childcare

The first bill passed by the Assembly (**A.7661**) would provide social services districts with greater flexibility when providing childcare services.

- Under the bill, a social services district would not be required to limit authorized childcare services strictly based on the work, training or educational schedules of the parents
- This legislation would help low income, homeless and other families who are working part time, have rotating schedules or who are participating in educational and vocational activities benefit from childcare assistance.

The second bill (**A.7093**) would remove the work requirement for a person receiving a childcare subsidy who is enrolled in an educational program.

- Currently, workers enrolled in an educational program are required to work 17.5 hours in addition to their studies to qualify for a childcare subsidy.
- By removing this work requirement, parents would be able to focus on their education and developing and advancing their careers.

“Long before the pandemic hit our country, families have struggled to find safe and reliable childcare. I was proud to vote yes on these critical pieces of legislation that will remove the burdensome requirements to accessing affordable childcare that prevent parents from trying to improve their quality of life for themselves and their families.”

Critical Updates, New Policies, and Testing Locations to Protect You and Your Community

1. **Governor Kathy Hochul has announced the Environmental Facilities Corporation Board of Directors approved \$41 million in funding that includes low-cost loans and previously awarded grants, enabling the recipients to access these loan and grant funds and move their water and sewer infrastructure projects forward.** The Board also approved an \$879 million leveraged bond financing to provide capital for various wastewater and drinking water projects for the New York City Municipal Water Finance Authority (NYCMWFA) and to refund certain prior bonds. Refunding bond sales deliver additional savings for EFC's municipal partners by refinancing the original bonds that funded their projects at an even lower interest rate. The transaction is estimated to save \$18 million for New York City ratepayers over the next 10 years.
2. **Governor Kathy Hochul today announced that \$17.3 million in state funding was awarded to six projects in four counties that will provide emergency and permanent supportive housing to New Yorkers experiencing homelessness.** Supported through the State's Homeless Housing and Assistance Program, these projects include emergency shelter repairs and developments that will create or preserve an additional 120 units serving veterans, survivors of domestic violence, individuals with a history of substance use disorder, and those suffering from serious mental illness.
3. **Governor Hochul announced that the statewide indoor business mask-or-vaccine requirement have been lifted as of Thursday, February, 10, and will remain optional for businesses, local governments and counties to enforce.** This protocol, a temporary measure implemented on December 10 as statewide cases spiked, was an effective tool to address the winter surge and the rise of the Omicron variant. With case counts plummeting and hospitalizations sharply declining, this temporary measure is no longer needed statewide. Counties, cities, and businesses will be able to opt into the mask-or-vaccine requirement if they so choose. **View Governor Hochul's Presentation [Here](#)**
4. **Governor Kathy Hochul today announced more than \$64 million in federal funding to help struggling New Yorkers with children, multi-generational households, and survivors of domestic violence with their expenses amid the ongoing COVID-19 pandemic.** Administered through the state Office of Temporary and Disability Assistance and the state Office for the Prevention of Domestic Violence, the Pandemic Emergency Assistance Fund will provide one-time payments to help with the cost of diapers for struggling families, cover food expenses for households with both children and older adults, and provide crucial housing and relocation assistance for survivors of domestic violence.

4. **What is HEAP?** The Home Energy Assistance Program (HEAP) helps low-income people pay the cost of heating their homes. **How does it work?** If you are eligible, you may receive one regular HEAP benefit per season and could also be eligible for an emergency HEAP benefit if you are in impending danger of running out of fuel or having your utility service shut off. **Are HEAP benefits available year-round?** No, the application period normally begins in early to mid-November and continues into the winter, until funding for the program runs out.

6. It's important to submit an SBA Loan Application - After you apply for disaster assistance from FEMA, you may be referred to the U.S. Small Business Administration. If you are referred to SBA, you should complete and submit the application. If your application is approved, you are not obligated to accept the SBA disaster loan but failure to submit the application may disqualify you from other possible FEMA assistance, such as disaster-related car repairs, essential household items and other expenses. SBA disaster loans are the largest source of federal disaster recovery funds for survivors. In planning your recovery, give yourself the widest possible set of options. Submitting the application makes it possible for homeowners and renters to be considered for additional FEMA grants. Applicants may apply online using SBA's secure website at DisasterLoanAssistance.sba.gov or they may email DisasterCustomerService@SBA.gov for more information on SBA's disaster assistance program. Applicants may also call SBA's Customer Service Center at **800-659-2955** or email disastercustomerservice@sba.gov for more information on SBA disaster assistance.
7. **If you're a renter having trouble paying your rent, utilities, or other housing costs – or if you're a landlord trying to stay afloat with tenants in this situation – help may be available. State and local programs are distributing billions of dollars in rental assistance to help renters stay housed during the pandemic. [Visit the CFPB's Rental Assistance Finder](#) to find out what this means for you and what you can do. The CFPB's site also includes resources to help renters and landlords understand other resources to help navigate various financial hardships related to the pandemic.**

FORECLOSURE PREVENTION NETWORK

Legal Services NYC REMAIND JUSTICE

Since 2007, Legal Services NYC's Foreclosure Prevention Network has assisted nearly 17,000 New York City homeowners facing foreclosure. With community-based foreclosure prevention projects in our Bronx, Brooklyn, Queens and Staten Island offices, our dedicated team of nearly 40 attorneys and advocates provide critical legal services to homeowners navigating the judicial foreclosure process and fight to help them save their homes. LSNYC Foreclosure Prevention Network partners include non-profit organizations, housing counselors, social service agencies and local government. Our advocates conduct trainings, outreach and education activities in conjunction with community and government partners.

WHAT WE DO

Legal Services NYC's Foreclosure Prevention Network attorneys represent homeowners in foreclosure as well as in state and federal court litigation challenging predatory lending, abusive mortgage servicing, scams targeting vulnerable homeowners, and fair housing and lending violations. We are the largest group of free civil legal services attorneys that help NYC homeowners by:

- Representing homeowners in court-mandated settlement conferences
- Providing legal advice and pro se assistance to homeowners through court-based clinics
- Helping clients negotiate home-saving solutions
- Advocating for fairer lending rules, and for better enforcement of laws protecting consumers from predatory practices

CLIENT SUCCESS STORY

Ms. M, a 68-year-old Black homeowner, fell one month behind on her mortgage when she had to pay for her sister's funeral expenses. For one year, her mortgage company continued to accept her payments, but then her servicing was transferred to a new company. The new mortgage company refused to accept Ms. M's payments unless she could catch up on the one missed payment. For three years, Ms. M tried to negotiate with her lender, but it refused to work with her even though she had sufficient income and was caring for her husband, who suffered from Alzheimer's disease. After being sued in foreclosure, Ms. M was able to connect with Brooklyn Legal Services, who helped her negotiate a modification with a lower interest rate and more affordable monthly payment, saving her \$300 per month on her housing expenses and allowing her family to remain in their home.

7. **The Forest Ave. Community Fridge is a group from Mariners Harbor looking to help out our community with Food Insecurity.**

@FORESTAVECOMEUNITYFRIDGE

WHO ARE WE?

We are a collaborative group, born and raised on the North Shore, who are passionate about addressing the health food disparity in our neighborhood of Mariners Harbor. The foundation of our initiative is "take what you need, leave what you don't" and "we keep us fed and healthy!" – in hopes of **creating a culture of unity, interdependence, community restoration and empowerment** in Mariners Harbor.

WHAT IS A COMMUNITY FRIDGE?

A Community Fridge is a fridge that provides **free and healthy food** for community members. The fridges offer access to fresh produce, healthy grains and perishable items to communities that do not have a lot of access to healthy food options.

HOW CAN MY BUSINESS HELP?

Your business can help by donating surplus food to our fridge or allowing us to purchase food at reduced costs.

WHY SHOULD MY BUSINESS/ORGANIZATION CARE ABOUT A COMMUNITY FRIDGE?

In recent political and racial events, many businesses and organizations are looking for ways to fight against racial inequity. Community fridges represent mutual aid – the idea that solidarity not charity is what communities need in order to become fairer and stronger. By donating food to our fridge, your business will be taking part in our ongoing movement for creating justice – first within our communities.
