**STATE ASSEMBLY**

**In partnership with the Gold Star Post 1365 and Senator Andrew Lanza**, my office hosted a Flag Retirement Ceremony to retire worn American flags with dignity. It offered a demonstration of flags that cannot be retired with traditional methods.

**I awarded citations** to Diane Peruggia and Barbara D'Amora of the GRACE Foundation in recognition of their work and accomplishment of building the world's largest puzzle piece supporting autism awareness. I also honored Barbara D'Amora's son, the late Nicholas D'Amora, for his work on Staten Island to found Crimson Rise, an organization dedicated to improving communication for those with non-verbal autism.

**The Jewish Community Center of Staten Island** announced that its food pantry will be expanding to include a digital element! This is the first of its kind on Staten Island and will allow residents to order their items in advance to enable a more efficient and convenient service.

**Alongside Community Health Action Staten Island (CHASI), the New York Fire Department and the Bayberry Woods Condominium**, we hosted a free CPR and Narcan Training event for Staten Islanders.

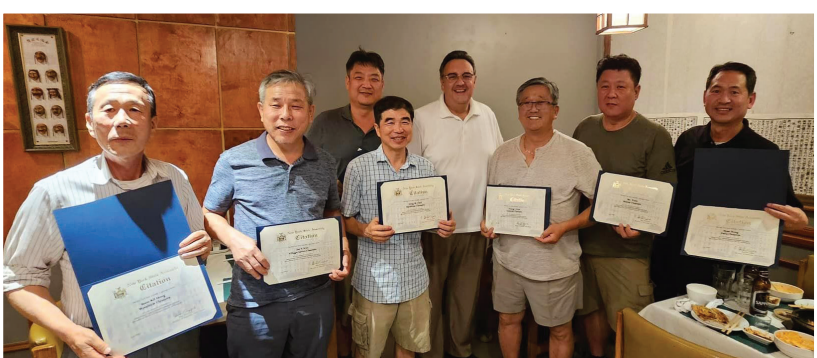

**Congresswoman Nicole Malliotakis and I joined the Korean War Veterans Association** to welcome a delegation of students from Korea who were visiting the United States to thank our esteemed veterans in celebration of the 70th Anniversary of the Armistice.

**The dedicated team at the Metropolitan Fire Association** gave me a tour of their headquarters on the Seaview Campus! This organization works to educate Staten Islanders about emergency services while also responding to disasters and providing crucial support to our community.

**During our open house event,** I awarded the winning participants of my 'What Staten Island Means to Me' Elementary School Art Contest with citations. It was a pleasure seeing how our youth views Staten Island through art! I also recognized two accomplished Staten Islanders, Alex and Jamie, with the 'Best of Staten Island' award.

**After hosting a successful clothing drive,** I wanted to thank the Korean Dry Cleaners Association for its overwhelming support and generosity donating hundreds of clothing items to Staten Islanders in need.

# ***Policies I am advocating for:***

- Protecting Staten Islanders from Battery Energy Storage System (BESS) risks and prohibiting placement within the Assembly District (A07727, A03297)
- Protecting Health Insurance Benefits of Retired Public Employees from Diminishment (A04989)
- Prohibiting Consideration of Environmental Social Governance (ESG) Scores when Investing the State Pension Fund (A04090)
- Requiring Identification to Cast a Ballot (A03497)
