Casework Highlights

See some of our **highlights from the 391 cases we've helped constituents with** since January 2023:

🚒 After a resident suffered a fire in their apartment, we **helped them get temporary housing** in an empty available apartment in their building while repairs were done.

🗑️ In response to illegal garbage dumping on the corner of Rutgers and Henry Streets, we prompted the Department of Sanitation to **clean up the garbage**.

📞 When a NYCHA resident encountered issues with her DRIE application due to a logistical miscommunication, we **resolved the issue to get the application approved**.

📄 We helped a family **dispute an unexpected medical charge** and gain access to important medical records.

🚗 Despite submitting the renewal application months ahead, a constituent feared their new disability parking permit wouldn't arrive before the old one expired. We collaborated with city agencies to **issue the permit on time**.

🎒 When a constituent's child was attending a school that did not fit their Individualized Education Program (IEP), we worked with the Department of Education to **transfer the child to a school that met their needs**.

💡 After Con Ed overcharged a local small business, we had Con Ed **correct the billing errors and promptly issue a refund** to the business owner.

😡 When excessive late night noise from garbage collections at a NYCHA development was keeping residents up at night, we worked to **change the collection schedule to minimize disturbances**.

📦 We helped a constituent **regain access to their private storage unit and save their belongings** the day before they were auctioned off.

Providing peace of mind to seniors in NYCHA - distributing Ring cameras in partnership with Henry Street Settlement.

Boots on the Ground

We led a walkthrough with residents concerned about safety and quality of life issues on the Lower East Side.

Our office organized a meeting with residents and NYPD's 1st Precinct to discuss conditions on Fulton Street.

Making an Impact

Before

After

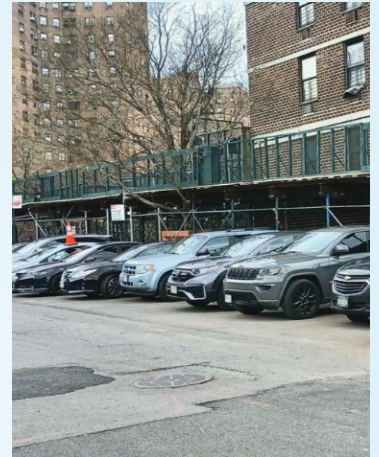

When a constituent requested for graffiti to be removed from a street sign dedicated to her father, we worked with the DOT to clean and repaint the sign.

Before

After

When city storage of construction materials obstructed street parking for NYCHA residents, we connected with the City to move the materials.

Cracking Down on Cannabis

We helped identify illegal cannabis stores in the district and joined the NYC Sheriff's Office to do surprise inspections and shut down illegal stores.

We passed legislation to expand law enforcement's powers to allow for immediate padlocking of illegal stores and steeper penalties on landlords renting to these stores.
