NEW YORK STATE ASSEMBLY

# Lock them up and throw away the key.

## Assemblyman Brabeneč's plan to win the war against corruption:

- Calling out corruption **no matter the party affiliation.**
- Voting to **strip pensions and retirement benefits from corrupt politicians.** (A1749)
- Fighting against failed programs like Buffalo Billion and START-UP NY to **prevent fraud, waste and cronyism.**
- Co-sponsoring the **strongest anti-corruption package in state history**, which targets corrupt officials and public officers who breach the sanctity of public trust. (A5864)
- Supports **term limits on Leadership positions and committee chairs.** (A5864)
- Ruthlessly **exposing favor trading and back door dealing politicians** who line their pockets with your tax dollars.
