Dear neighbor,

With spring in the Hudson Valley comes a rainbow of new growth. Beyond the flowers and trees in our backyards, we can also look forward to fresh produce on our tables thanks to our many local farmers markets.

Juicy fruits, crisp vegetables and other homemade local products are just the beginning. Farmers markets offer the opportunity to fill our grocery bags with the freshest local produce, of course, but they also support our local economy, spark new friendships and remind us to enjoy the fresh air.

Farmers markets are for everyone, and assistance is available for people whose food budgets may be especially tight. The Senior Farmer's Market Nutrition Program, for example helps income eligible seniors afford fresh, local produce. During the first week of July, reach out to your county's Office for the Aging to learn more.

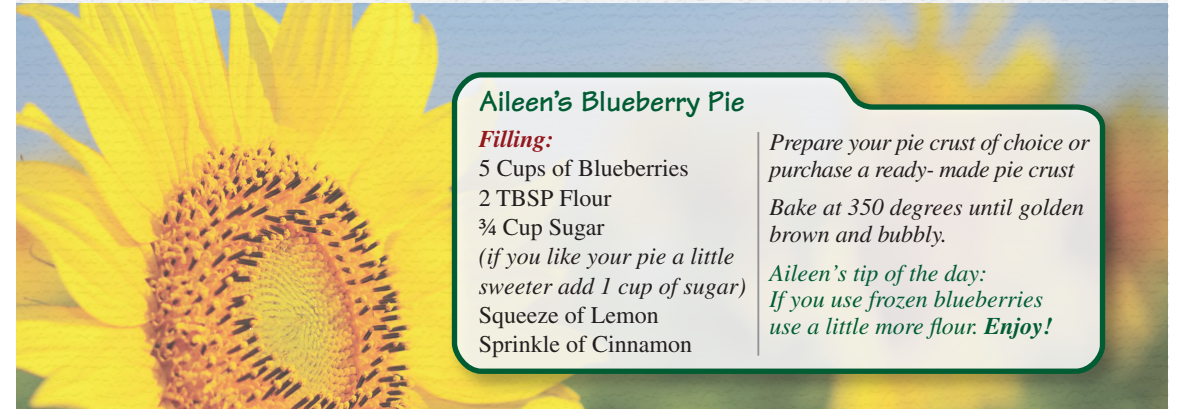

I encourage you to call my office with any questions you have, by phone at (845) 794-5807 or by email at gunthera@nyassembly.gov. I look forward to seeing you around the farmers market.

Sincerely,

Aileen Gunther
