Dear friends,

There's nothing like slicing into a fresh tomato, fresh from the vine, or an apple just plucked from the tree. Most people would agree that when it comes to the food we eat, fresher is simply better. And for the very freshest produce and local, handmade products, there's no better place to shop than your local farmers market.

What could be better than bringing home healthy, delicious food for you and your family, all while knowing that your money went directly into the pockets of our local farmers?

You may be surprised to learn that these healthy, local foods are quite affordable. Many farmers markets accept SNAP benefits, while the Senior Farmers Market Nutrition Program helps income eligible seniors afford fresh produce grown close to home. To learn more, please contact your county's Office for the Aging.

Please contact my Monticello office at 845-794-5807 or my Middletown office at 845-342-9304 with any questions you may have, or feel free to stop by any time.

See you around the farmers market!

Sincerely,

*Aileen Gunther*
