NY STATE ASSEMBLY

We Feel The Cost-Of-Living Pressure Every Day

It's all around us: higher utility bills¹, higher cost of everyday essentials³, higher auto insurance⁴, higher health care⁵. We all could use just a little help, which is why I support initiatives that would:

- ▶ **Eliminate the state sales tax on everyday essentials** like gas, personal care products and prepared food—putting money directly back in your pocket. (A.7417)
- ▶ **Expand the Earned Income Tax Credit**—a refundable tax credit that helps workers reduce their tax burden and receive money back at tax time—to provide working families with greater financial relief and flexibility to afford everyday necessities. (A.2498)
- ▶ **Provide transparency in energy policy** by requiring a full cost-benefit analysis of Albany's energy mandates so you know exactly how Albany's decisions are impacting your utility bills. (A.6260)
