ASSEMBLYMAN CHRIS
Tague

As a former volunteer firefighter, Chris knows just how much our emergency first responders sacrifice in their own lives to be able to protect ours. Our first responders do even more than putting their lives on the line every day; they miss birthdays and holidays, soccer games, dance recitals and family dinners to be on the front line when we need them most. **We owe these brave heroes our deepest gratitude**, and Chris has been working hard to show how much we appreciate our first responders.

Chris is putting our first responders first by:

Classifying EMS personnel as essential services for purposes of state aid (A.01582)

Fighting to provide tax credits and exemptions for first responders with qualifying records of service (A.07655, A.04573, A.01517)

Advocating for the creation of a state volunteer firefighter scholarship program providing student loan relief for volunteers with eight or more years of experience (A.07809)

Working to exempt volunteer firefighter and EMS personnel from vehicle registration fees for vehicles used in the line of duty (A.04239)

Promoting the establishment of a move over law for emergency vehicles flashing blue or green lights to protect them while on calls (A.03826)
