MAKING NEW YORK AFFORDABLE: That's the Plan

A special message from

ASSEMBLYMAN CHRIS
Tague

IT'S NOT EASY OUT THERE TODAY.

Prices seem to continue to rise, and so do your expenses. That's why I'm working to help you save every nickel and dime I can get you. I've sponsored a number of proposals that could bring immediate relief to you and your loved ones. Here's what I've been working on in Albany:

Savings While Shopping

I am supporting programs that eliminate sales tax on essentials like food and gas. (A.1690)

Health Care Savings

I supported the reduction of taxes imposed on health care and health insurance customers. (A.1927)

Expanding Earnable Credits

I want to support families facing financial crossroads by increasing the Earned Income Tax Credit while providing them the flexibility to choose how and when they receive this credit. (A.9258)

Child Care Savings

I want to grow and improve our State's child care facilities by establishing a \$250 million Child Care Program Capital Improvement Tax Credit. (A.9264)
