“I’m working every day to make sure our farmers, families, and veterans succeed, because when agriculture is strong, our communities are strong.”

STRONGER FARMS ♦ SAFER FOOD ♦ BETTER SCHOOLS ♦ SUPPORT FOR VETERANS

AS YOUR ASSEMBLYMAN, I'm proud to sponsor practical legislation that would protect our family farms, feed our neighbors, teach our kids where their food comes from, and gives veterans a new path to success in agriculture. These common-sense ideas will help rural New York thrive:

✦ **A.3623 - NY Food Insecurity, Farm Resiliency and Rural Poverty Act**
Partners our farms with local food banks so fresh food doesn't go to waste while giving farms and rural communities the tools they need to fight hunger.

✦ **A.1556-G - Food Safety and Chemical Disclosure Act**
Bans harmful additives in our food.

✦ **A.3638 - More Agriculture Education in Schools**
Adds real farming lessons to classrooms so our kids understand how food is grown and why New York agriculture matters.

✦ **A.3640 - Flavored Milk Choices for School Lunches**
Lets schools offer more flavored milk options to make lunches tastier and healthier while supporting New York's hardworking dairy farmers.

✦ **A.3633 - Veterans in Agriculture Assistance and Outreach Program**
Creates a full support system to help veterans get into farming with training, mentorship, mental health services, and other forms of support.

Thanks to your grass roots advocacy and support from dairy farmers across the state, public schools will once again offer unflavored or flavored whole and 2% reduced-fat milk options to students¹. This is a tremendous victory for our children's nutrition and the hardworking dairy farmers who feed our nation.
