ASSEMBLYMAN SCOTT BENDETT

A proud resident of Sand Lake, Scott was elected to represent the Capital Region's 107th Assembly District on November 8, 2022. He will represent parts of Columbia, Rensselaer, and Washington counties, and the town of Bethlehem in Albany County.

Scott knows families are struggling and he understands the issues that matter most to his constituents. He is committed and working diligently to make New York a safer and more affordable place to live.

A successful entrepreneur who built his business from the ground up, Scott ran for office to give us a voice and compel Albany to confront the inflation and high taxes that are forcing families and small businesses to leave New York¹.

For Scott, being an assemblyman means his constituents come first. He's not afraid to get his hands dirty and work long hours to help make our lives better.

Scott's Priorities:

- Reduce our high cost of living by getting inflation under control and placing a new moratorium on gasoline taxes, home fuel taxes, and the state's sales tax.
- Provide additional tax benefits to our brave firefighters and first responders.
- Classify deadly fentanyl as its own controlled substance and lock up those who distribute the drug.
- Fix bail reform and give judges more authority and discretion that they deserve.
- Reinstate the Empire State Games to build local tourism and support small businesses.
