

END THE HATE!

“As a Jewish-American legislator, I am deeply concerned about the antisemitic demonstrations in our country. That’s why we need to come together as one Bethlehem and make sure that hate stays out of our community.”

One Bethlehem, One Voice

Columbia University alone has hundreds of testimonies of antisemitic comments by professors and harassment of Jewish students since the attack on Israel last October, according to Haaretz.¹

That's why I'm proud to co-sponsor the "Dismantling Student Antisemitism Act"² and the "Combating Campus Antisemitism Act."³

"Antisemitism is a destructive force that undermines the values of justice, equality and community. It manifests in many ways—from hateful speech to violent acts—and affects not only the Jewish community but all of us who cherish an inclusive society."

-Scott Bendett

Here is what I am doing to support Bethlehem:

- Fight for your right to use natural gas utilities and heating.⁴
- Secured \$50,000 for ten additional pickleball courts in Bethlehem.⁸
- Secured \$100,000 in bullet aid for local schools and libraries.⁵
- Provide line-of-duty sick leave to first responders suffering from PTSD.⁶
- Support removing barriers to necessary mental health assistance.⁷
