Infrastructure investments for our community

“As a civil engineer, I know how smart investments in infrastructure are important to the success of our community. That’s why I’m working to replace old pipes and investing in our roads and bridges.”

Securing important funding for Rotterdam roads, bridges and infrastructure

This year, Assemblyman Santabarbara delivered funding to rebuild and improve our roads:

- ✓ **\$297,000** for CHIPS funding
- ✓ **\$65,000** for the Extreme Winter Recovery Program
- ✓ **\$79,000** for Pave NY
- ✓ **\$52,000** for Pave Our Potholes

Additional infrastructure funding available for municipalities like Rotterdam to fund projects:

- ✓ **A record \$400 million to the Environmental Protection Fund**, which provides grants to protect water sources, revitalize contaminated sites, advance conservation efforts and provide recreational opportunities
- ✓ **\$500 million for clean water infrastructure projects**, for a total investment of \$4.5 billion since 2017
