

“Hunting, besides being one of the oldest jobs in human history, is a great way to celebrate our freedom and prosperity in this beautiful country. It is a great time for anyone to get out there, stay safe, and enjoy themselves!”

Robert Smullen

HUNTER ORANGE & PINK

Any person hunting deer or bear with a firearm or a person who is accompanying someone hunting deer or bear with a firearm **MUST** wear a minimum of 250 square inches of solid fluorescent orange or fluorescent pink material above the waist and visible from all directions; OR a minimum of 250 square inches of patterned fluorescent orange or fluorescent pink (the pattern must be at least 50% fluorescent orange or 50% fluorescent pink) worn above the waist and visible from all directions; OR a hat or cap with no less than 50% of the exterior consisting of solid fluorescent orange or fluorescent pink material visible from all directions.

All other hunters are not required by law to wear fluorescent orange while hunting in New York. However, DEC highly recommends ALL hunters wear a fluorescent orange hat, vest, and/or coat while hunting small game or big game.

WEARING HUNTER ORANGE SAVES LIVES

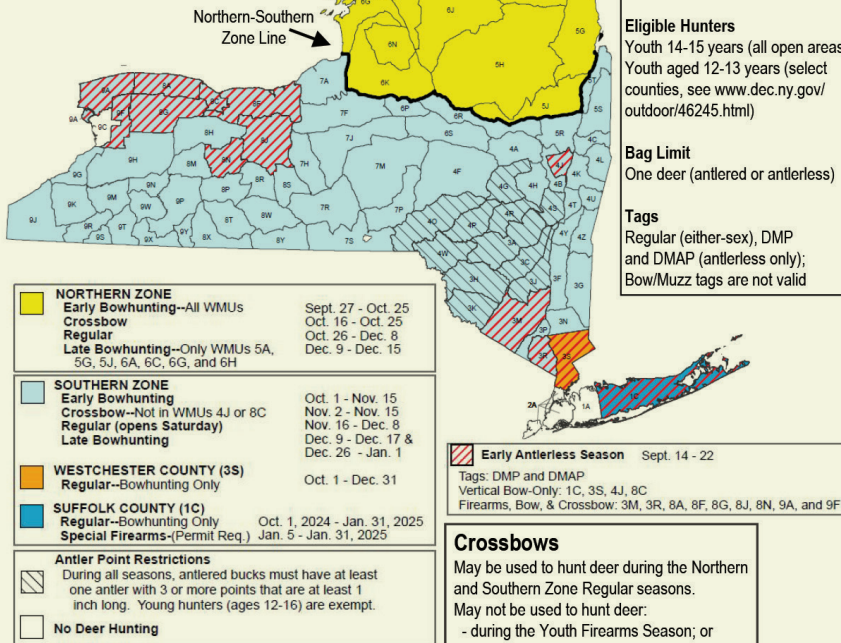

Hunter orange, also known as fluorescent orange or blaze orange, should be worn to make a hunter more visible and prevent other hunters from mistaking them for an animal or shooting in their direction.

Hunters who wear hunter orange are seven times less likely to be shot.

NYS 2024 Deer & Bear Hunting

DEER SEASONS 2024 Regular and Bowhunting

Hunting Hours:
30 minutes before sunrise to
30 minutes after sunset

Youth Firearms Season Season Dates Oct. 12 - 14, 2024

One deer (antlered or antlerless)

Tags
Regular (either-sex), DMP
and DMAP (antlerless only);
Bow/Muzz tags are not valid

DEER SEASONS 2024 Muzzleloading

Hunting Hours:
30 minutes before sunrise to
30 minutes after sunset

Maps and information provided by the New York State Department of Environmental Conservation

Tree Stand Safety Tips

Every year, hunters are seriously injured, paralyzed, or killed falling out of tree stands. Falls from tree stands have become a major cause of hunting-related injuries and fatalities in New York.

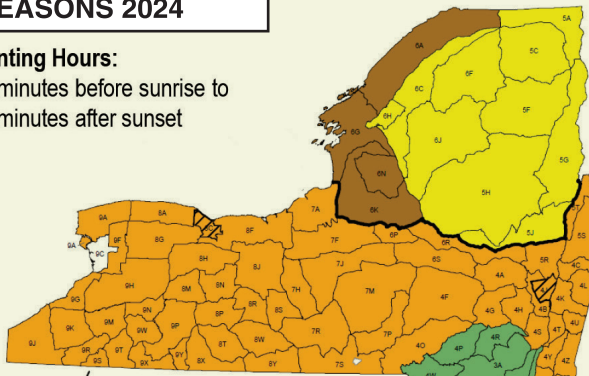

- Read the manufacturer's instructions and warnings before you use your tree stand and check your stands (including straps and chains) every season. Replace any worn or missing parts.
- Use a full-body harness with a lifeline and stay connected from the time you leave the ground to the time you get back down.
- Be aware of suspension trauma. Be sure the harness has a foot strap to relieve harness leg pressure.
- Use a "lifeline" or safety rope that is secured at the base of the tree or stand and to the tree just above your head when sitting in the stand. Attach the tether from your full-body harness to the lifeline using a carabiner and prusik knot, which easily slides up and down the lifeline keeping you connected at all times.
- Once you are safely in your stand, and your tether is attached to the tree, raise your equipment into your stand. Always use a haul line, such as a strong rope, to raise and lower your unloaded gun or cocked crossbow or bow with a quiver up the stand. Do not tie the haul line around the trigger or trigger guard on a firearm. Raise a firearm with the muzzle pointing down.
- Let a reliable person know where you will be hunting and when you will return. A map showing your stand location makes it easier for others to find you if you do not return on time.
- Carry emergency equipment, such as a knife, cell phone, flashlight, and whistle in your pockets at all times (not in your pack hanging in the tree).

2024-2025 Hunting Seasons

BLACK BEAR SEASONS 2024

Hunting Hours:
30 minutes before sunrise to
30 minutes after sunset

Youth Firearms Season
Season Dates
Oct. 12 – 14, 2024

Crossbows

May be used to hunt deer during the Northern and Southern Zone Muzzleloader seasons. May not be used to hunt deer anytime in WMUs 1C (Suffolk County), 3S (Westchester County), 4J or 8C.

State Department of Environmental Conservation

THE 4 RULES OF FIREARM SAFETY

Treat every firearm as if it is loaded.

Always keep the muzzle pointed in a safe direction.

Keep your finger off the trigger, and outside the trigger guard, until you are ready to shoot.

Always be sure of your target and what is in front of it and behind it. Once you pull the trigger, you cannot take back the bullet!
