The same Southern Tier values that inspired Joe to serve his community at home and abroad are the same values that will guide him serving us in the Assembly.

Joe is prioritizing the needs of the Southern Tier:

- **Support Economic Recovery from Pandemic Response** - New York needs to aggressively work to improve economic opportunities for small business, family farmers, and all New York workers.*
- **Improving Public Safety** - As a retired police chief, Joe knows the challenges faced by law enforcement to keep our communities safe, like continuing to fix bail reform.*
- **Upholding Personal Rights and Local Authority** - Joe will fight to protect your individual, constitutionally-protected rights and put authority back in the hands of our local governments, rather than the governor and the state.*

* Pending new legislation (bill numbers from 2019-2020): A.10266, A.9885, A.5758,
