As your voice in the State Assembly, I am working to make living in New York State more affordable for middle-class families.

Infrastructure

During the state budget negotiations, I fought to restore \$60 million in state funding for local road repairs after the governor's proposed cuts for our region, reducing the financial burden on local municipalities.

(nyassembly.gov/mem/Brian-D-Miller/story/109593)

Helping Seniors

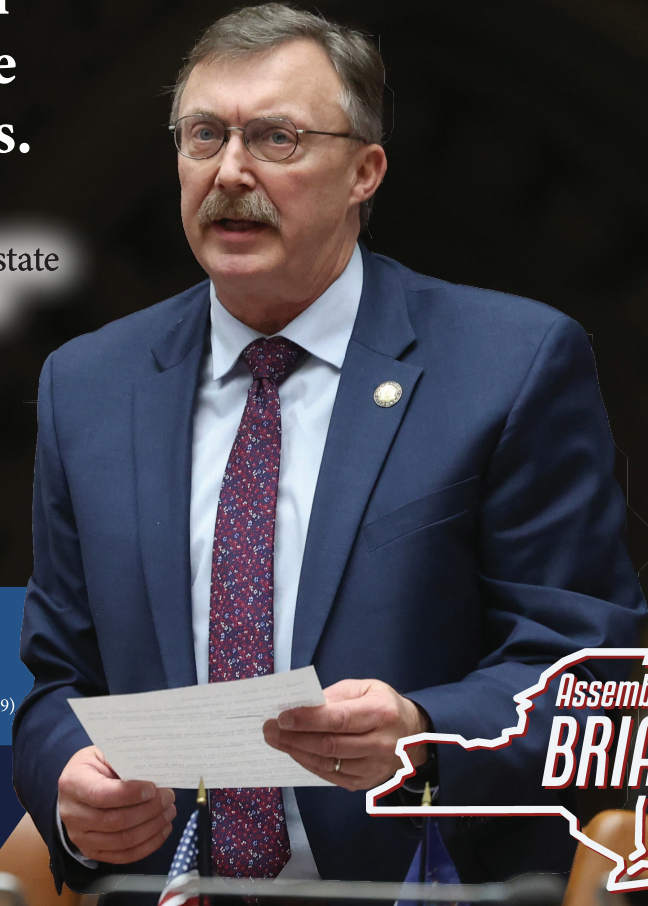

I supported legislation that would provide a state tax exemption for pension plans to help seniors living on fixed incomes keep more of their hard-earned money. (A.7973)

Child Care

I co-sponsored legislation to reduce the Real Property Tax burden on child care facilities to allow them to invest in and grow their programs. (A.8579)
