Responding to our Community Needs

Assemblyman Magnarelli secured **\$550,000** in repairs and upgrades to infrastructure in Van Buren.

The funding included the complete replacement of the culvert on Connors Road.

Repairs and upgrades at Van Buren Park were also funded in this grant. This ongoing project includes drainage issues on the softball fields, constructing a handicap accessible ramp and dock to the fishing pond, and constructing a new walking trail throughout the entire park.

In July 2022, Assemblyman Magnarelli took a tour of the drainage system replacement on Village Boulevard in the town of Van Buren, a project for which he secured **\$250,000** in state grants.

Jason Hoy, town engineer, Doug Foster, Highway superintendent, and David Blaisdell, crew leader, spoke to Assemblyman Magnarelli about the ongoing project.
