WORKING FOR A STRONGER COMMUNITY

FIGHTING TO KEEP ENERGY AFFORDABLE FOR HARDWORKING FAMILIES

- ◆ I support the Ratepayer Disclosure & Transparency Act, which would promote utility cost clarity for consumers. I believe that New Yorkers should have full and complete transparency about all changes on their utility bills – and an explanation of why. (A.6152-A)
- ◆ I support energy choice, in order to help prevent municipalities from banning utility services based on energy type or source and protect consumers' energy choices. (A.653)

PROTECTING OUR FARMS AND FARMERS

- ◆ I support creating a statewide program that would help New York farmers and rural communities with grants and resources that strengthen farms, improve food access, and reduce rural poverty. (A.3623)
- ◆ I support protecting New York farmland by encouraging farm succession and making it easier for new and young farmers to access and take over working farms. (A.7607)

WORKING TO KEEP NY AFFORDABLE

- ◆ I support preventing credit and debit card companies from charging interchange fees on the tax and fee portions of a transaction. (A.4017)
- ◆ I support a tax credit program that would help child care providers improve and expand access to quality child care in New York. (A.2392)
