

2023 End of Year Survey

As we head into the legislative session for 2024, I would love to hear from you.

Over the last three years I have mailed out multiple surveys hoping to understand better the needs, priorities and issues across the district. Our office has received back thousands of responses. Thank you for taking time to fill these out, your voice is critical to the work we do in the state legislature. In this mailer is the most recent version.

As we begin the legislative session in January, many important pieces of legislation will be discussed. Please complete this survey and let me know about the issues that matter most to you. If you would like to complete this survey electronically, please scan the QR Code below:

1. Public safety continues to be a top issue of concern for many across the region, more resources invested in our communities has been shown to be the most effective tool to help. Which of these options would you like to see increased investment in:

- Mentorship opportunities
- After school programming
- Youth jobs
- Recreational opportunities
- Stable, affordable housing
- Conflict resolution programs
- Mental health, social/emotional supports
- Other: _____

2. Affordable, safe and accessible housing has become a top priority of discussion in the state. Has the cost or lack of housing had an impact on you?

- Yes
- No
- Don't know

If yes, can you share how and why? _____

3. Health insurance rates, increased out of pocket costs and other issues continue to affect everyday families. The New York Health Act would create a universal, single-payer health insurance system to provide medical, prescription, dental, and vision coverage to all New Yorkers with no out-of-pocket costs. This would be paid for by increased payroll taxes which, on average, would be lower than the cost of employer sponsored health insurance. Should New York enact this law?

- Yes
- No
- Don't know

What have been the biggest challenges you and your family have faced with health insurance? _____

4. New York State has enacted many programs to help with the cost for families to change over to clean energy and more energy efficient technologies in transportation and home heating/cooling.

Have you taken advantage of these programs?

- Yes
- No
- Don't know

Why or why not? _____

5. What challenges/priorities do you think definitely need to be addressed this session:

- Climate change/meeting clean energy goals
- Affordable housing
- Criminal justice reform
- Childcare access and affordability
- Higher education costs and accessibility
- Inflation
- Increased wages in direct care (ie: childcare staff, home health, and nursing home aides)
- Mental health
- Substance abuse
- Support for seniors and elderly
- Other: _____

6. Any questions and or comments?

Thank you for taking the time to complete this survey. We appreciate your feedback.
